Art Bar Heartbreak Valentines

Night — Look, you might or might not be lonely on this most commercial of commercially spawned holidays. But if you are lonely, dear reader, we here at *Free Times* can think of few better places to drown your sorrows than at Art Bar. And with the raucous Americana of American Gun, the riled-up cowpunk of The Defilers and the heartworn songwriting of Rob Lindsey soundtracking your night, you can kick up your heels while dropping tears in your beer. *P. Wall*

Art Bar: 9 p.m., \$4; 929-0198, artbarsc.com.
